EDUCATION

HUBSPOT CMS FOR DEVELOPERS CERTIFICATION

January 2023

LAMBDA SCHOOL

Full Stack Web Development
October 2019–March 2021

HUBSPOT CMS FOR MARKETERS CERTIFICATION

February 2022

EXPERIENCE

SOFTWARE ENGINEER

Edgio (previously Limelight Networks)

March 2021–December 2021

- Optimized 1-2 websites weekly to pass Core Web Vitals by identifying and solving performance issues, including streamlining the rendering path of the Javascript and CSS to increase site speed in some cases up to 80 percent
- Overall performance gained by prioritizing or deferring assets and configuring caching and prefetching
- Discussed with each stakeholders' needs with their project and explained the technical decisions made
- Used server-side rendering, proxying, and overcoming bottlenecks to deliver as fast as possible results

FREELANCE DEVELOPMENT

Software Development/Tutoring

September 2020–Present

- Completed projects such as: modifying Shopify themes and added pages, web apps that used customer data to make customized printouts, website audits, and website and app maintenance tasks
- Tutoring beginner and intermediate students in web development and general data structure and algorithm concepts

PROJECTS

FRDMGEAR.COM, APP

- Customized code to fix bugs, and give abilities in routing and viewing data that are not built in natively with the theme
- Worked with a client to fulfill their exact design requirements in Shopify

MCOMM GROUP, APP | APP

- Utilizing a Virtual Machine to update a Ruby on Rails App
- Aesthetically styled the UI and added mobile/desktop responsiveness
- Managed client design requests and integrated the app with multiple feeds relevant to the customers to deliver desired product

CAMPSITE MANAGER, APP | FRONT END | BACK END

- Created a form management system in React and Node with Reactstrap for styling and Yup for validating user input
- Administered SQL database access to Post and Get form data
- Implemented Graph UI with Recharts Library and Google Maps to dynamically display answers with graphs for the administrator
